Ford Blue AdvantageTM Marketing Support

—

Ford Blue Advantage™ Marketing Support

The following marketing support will also be provided for all dealers participating in the Ford Blue Advantage Used Vehicle Program:

Ford Blue Advantage Inventory Syndication

Annually, Ford Blue Advantage will contract to syndicate the Ford Blue Advantage certified inventory with the leading third-party used-vehicle listing sites such as AutoTrader, KBB, CarGurus, CARFAX®, Cars.com, and others in order to maximize the exposure of the Ford Blue Advantage Certified vehicles. This is another benefit to dealers for certifying inventory and, therefore, there is no additional charge to dealers for this.

Ford Blue Advantage Marketing Support Listing Site Partner Lead Consolidation

To enhance the value of Ford Blue Advantage, Ford has entered into sponsorship agreements with the top five used vehicle listing sites. This will enable syndication of all Ford Blue Advantage Certified vehicles to be posted across all five platforms.

For dealers that subscribe to these services, this allows you to advertise your vehicles as certified and your leads will continue to flow to your store as they normally do. However, for stores that do not have paying relationships with Autotrader, KBB, Cars.com, and CARFAX, your leads will be delivered through FordDirect's DELIVr system. This will ensure you get the leads generated by this service.

Please note that all CarGurus leads will come from them. If you are not a subscribing customer of CarGurus and you are not getting your leads, please reach out to support@cargurus.com.

As each Listing Site Partner moves over to DELIVr, nonsubscribing dealerships will no longer be receiving leads from that Listing Site Partner. Look for these leads to be identified as "Listing Site FBA Lead" in DELIVr as indicated in the chart to the right.

How Ford Blue Advantage Leads Will Be Delivered to Dealers

Listing Partner	Subscribing Dealers	Nonsubscribing Dealers	Lead Source Name in DELIVr
Autotrader	Autotrader	DELIVr	Autotrader FBA Off Platform Lead
KBB	KBB	DELIVr	KBB FBA Lead
Cars.com	Cars.com	DELIVr	Cars.com FBA Lead
CARFAX	CARFAX	DELIVr	CARFAX FBA Lead
CarGurus	CarGurus	CarGurus	N/A All Leads Will Come From CarGurus
Ford Blue Advantage Digital Marketplace	DELIVr		Ford Blue Advantage

Dealer Toolbox

To support advertising and marketing efforts, a full compliment of Ford Blue Advantage™ digital advertising assets will be available on the dealer Toolbox. Planned materials include:

- Homepage Banners
- Social Media Templates
- Website Ads
- Email Banners
- Billboard Tiles
- Program Videos

Assets will be available to support Gold, EV, and Blue Certifications as well as desktop and mobile versions in various sizes.

Point of Purchase Materials

A full complement of Ford Blue Advantage point of purchase materials will automatically be sent to dealers at no charge.

Materials will include Gold, EV and Blue Certified versions of:

- Monroney Type Window Sticker Stock
- Consumer Brochure
- Inspection Checklist
- Delivery Checklist
- Limited Warranty Statement
- Customer Document Envelope
- Deal Jacket
- Windshield Sticker
- License Plate Insert
- Car Flag

Additional quantities can be ordered from the eStore at no charge.

Ford Rewards

Ford Blue Advantage Certified vehicles will include Ford Rewards Points to help drive service loyalty to the dealership and elevate the Ford Blue Advantage ownership experiences.

- Gold and EV Certified vehicles will receive 22,000 Ford Rewards Points, equivalent to two service visits
- Blue Certified vehicles will receive 11,000 Ford Rewards Points, equivalent to one service visit

Dealers are required to provide the customer's Ford Rewards Member Number in the appropriate field in Smart VINCENT when reporting the Ford Blue Advantage sale. The customer's Ford Rewards Points will then automatically be deposited into their Ford Rewards account.

SiriusXM

All Ford Blue Advantage Certified vehicles include a three-month trial subscription for vehicles equipped with a SiriusXM. When completing the Inspection Checklist, dealers should preactivate the radio by clicking on the SiriusXM logo within the online certification checklist or Vehicle Details page. Reporting the Ford Blue Advantage sale in Smart VINCENT will also notify SiriusXM to start the three-month trial.

Additional SiriusXM information can be obtained by calling SiriusXM Dealer Support at 1-800-852-9696, or download the FREE SiriusXM Dealer App from the App Store® or Google Play™ store.

Section 2

Ford Blue Advantage™ Used Vehicle Marketplace

Ford Blue Advantage™ Used Vehicle Digital Marketplace

Customers today spend 10-12 hours shopping online before setting foot in a dealership, which is why delivering a best-in-class digital experience is paramount to Ford Blue Advantage. The Digital Marketplace will streamline this experience by allowing customers to search one of the largest inventories of used Ford vehicles on a platform directly linked to Ford.com. Dealers will be able to monitor listings and improve merchandising with a new digital retail dashboard, manage leads delivered through FordDirect's Delivr for seamless integration with existing processes, and communicate with customers using digital tools currently in use.

Digital Retail Products

Our long-term vision is to integrate with the recently launched Ford Express Buy eCommerce solution, but in the interim, the two most popular digital retail products will be enabled on the Digital Marketplace at no additional cost:

- **AutoFi** – For dealers enrolled in AutoFi's Tier III product, customers will enter that experience with no changes to your existing setup when they click a "Start My Deal" button on your vehicle's Vehicle Details Page.
- **Accelerate My Deal** – Ford Dealers that are not enrolled in AutoFi but are enrolled in Cox Automotive's Accelerate My Deal product will have that experience enabled on the site.
- Remaining dealers that do not currently use either of those digital retail products will have a standard lead form sent through the FordDirect Delivr system for follow-up.

Another important experience for customers shopping online is the ability to communicate through multiple channels, such as Managed Chat. We will also enable tools that many dealers use today on the Digital Marketplace:

- **FordDirect Managed Chat** – Dealers enrolled in FordDirect's Managed Chat product will have that experience live on the site, allowing customers to interact with your store the same way they would on their Tier III site.
- **Autotrader Managed Chat** – For dealers that are not enrolled in FordDirect's Managed Chat but are enrolled in Cox's Autotrader Managed Chat, that experience will be live on the site.

To ensure consistency with current processes, leads coming from AutoFi, Accelerate My Deal, FordDirect Managed Chat, and Autotrader Managed Chat will come through the same current process, but they will be designated as coming from the Ford Blue Advantage Digital Marketplace.

Dealer Home Services

Additionally, the Digital Marketplace will provide dealers the opportunity to offer customer experience options that used vehicle shoppers look for and will be able to filter their search results based on the services most important to them, including:

- **Local Home Delivery** – Dealers must offer to deliver the vehicle to a customer's home or business upon request, to the extent permitted by state law. The parameters of this offer are at the discretion of the dealer, including mileage restrictions.
- **Video Walkarounds** – Dealers offering the Vehicle Walkaround option can send a customer a video walkaround of the vehicle they are interested in. The method and length of the video is at the dealer's discretion.
- **Test-Drive at Home** – Dealers that opt into Test-Drive at Home are offering to bring a vehicle to a customer for a test-drive. The parameters of this offer are at the discretion of the dealer, including mileage restrictions.

While the Local Home Delivery experience is required, the remaining two are optional, and a dealer can opt in or out for these by selecting "yes" or "no" on the Digital Marketplace enrollment.

nVision Merchandising Dashboard

Sophisticated analytical tools are required to compete in today's used vehicle market. One of the many benefits of your enrollment in the Ford Blue Advantage™ Digital Marketplace is access to the nVision Merchandising Dashboard powered by Autotrader. nVision will provide powerful pricing and merchandising tools to help dealers track:

- Vehicle Days on Lot
- Number of Leads
- Vehicle Pricing Analytics Powered by KBB Data
- Customer Activity on Each Certified Unit
- Merchandising Opportunities to Improve the Turn and Gross of Your Ford Blue Advantage inventory

Autotrader Client ID and Password Setup

nVision can be accessed from the Ford Blue Advantage Program website but does require an Autotrader/KBB Client ID and Password. Dealers that have an existing Autotrader/KBB Client ID and Password can use that. Dealers that do not have an Autotrader/KBB Client ID and Password can set one up.

Dealers that do not have an Autotrader/KBB Client ID and Password:

Contact Autotrader to schedule a training session on the Ford Blue Advantage Merchandising Dashboard or for assistance with your login and/or password. Tell the representative that you are calling about your Ford Blue Advantage Merchandising Dashboard setup and walk-through.

Contact Autotrader/KBB for assistance in setting up your Client ID and Password at:

- (866) 530-2308
- FordCPO@CoxAutoInc.com

To prepare for your session, please ensure you have:

- Internet and access to an active email account
- Your Autotrader dealer ID # and/or Ford PA Code
- 20-30 minutes of time (for training sessions)
- Any members of your team who also need training

The Ford Blue Advantage nVision Merchandising Dashboard can also be accessed from the Ford Blue Advantage program website.

Dealer Participation Requirements

Dealer must be enrolled in the Ford Blue Advantage™ Used Vehicle Program to participate in the Ford Blue Advantage Digital Marketplace. Dealer does not need to participate in the Digital Marketplace to participate in the Ford Blue Advantage Used Vehicle Program.

Note: Dealers that do not participate in the Digital Marketplace will not have their Ford Blue Advantage certified inventory displayed on the Digital Marketplace online listings.

Additional Digital Marketplace participation requires that:

- All vehicles must be certified under the Ford Blue Advantage Program as either Gold, EV, or Blue level.
- All vehicles must have a price
 - Price must be available to all customers, without any qualifications or rebates based on customer eligibility
 - No down payment can be used to reduce the listed price
 - No trade-in allowance can be used to reduce the listed price
 - All reconditioning expenses of the vehicle must be included in the price
 - Any aftermarket equipment and accessories already installed on the vehicle must be included in the price
 - All other dealer/government fees and charges must be disclosed in accordance with applicable state and local laws
 - Dealers must comply with all federal, state, and local laws
- Compliance with the Used Vehicle Strategy Pricing Policy will be monitored as follows:
 - Dealer Reports: The Ford Blue Advantage Program website will provide an area for dealers to lodge complaints against other dealers regarding alleged violations. Ford will follow up on these complaints and, if a violation is confirmed, address them with the violating dealer
 - Random Sampling: Ford will also take a proactive approach by randomly sampling dealer vehicle listings on the Ford Blue Advantage Digital Marketplace listing site
 - Dealership Assessments: Pricing will be added as a criterion to the Dealership Assessment conducted by Ford
 - Dealers who receive three violations of the Pricing Policy within a six-month period will be suspended from the Digital Marketplace
 - Ford reserves the right to remove any vehicles from the Digital Marketplace at any time for a violation of this policy
 - The violation period is based on a “rolling” six-month window (“R6”). Dealers will have their slate wiped clean after they are suspended, so they will start a new R6 with zero violations the month after they receive their suspension
 - Dealers will be notified of any violations by an email to the Dealer Principal and Ford Blue Advantage Manager identified on their Dealership Profile page of the Ford Blue Advantage Program website. It is the dealership’s responsibility to keep this information accurate and up to date

Dealer Participation Requirements Continued

- To support consistency of imagery and maximize customer engagement, Ford will leverage machine learning technology to ensure consistency of photos on the site. All vehicles listed on the Digital Marketplace must include:
 - A minimum of 10 photos
 - One picture must be taken from the driver's side front corner with full vehicle image available.
 - Ford reserves the right to adjust the photos that are provided to enhance the customer experience. Some examples of actions that Ford or its partners may take include, but are not limited to:
 - Rearrange all photos in the vehicle's photo file so there is consistency across all vehicles on the platform
 - Remove the background from select photos
 - Add the Ford Blue Advantage logo, including the logo for the appropriate certification level to select photos
 - Incorporate billboard image highlighting the specific benefits of the appropriate certification level in the photo carousel
 - Combine the photos in the carousel to create a 360-degree view of the vehicle
 - Ford will continue to test different approaches to maximize customer engagement
- Offer Local Home Delivery
- Select the additional optional Dealer Home Services to tailor your dealership's customer experience:
 - Video Walkarounds
 - Test-Drive at Home
