Advantage

Updated as of January 2024. Any updates communicated via dealer communication on FMCDDealer after this date take precedent.

Dealer Guidelines for Money Back Guarantee

Ford Blue Advantage® is excited to offer customers and dealers a Money Back Guarantee offer for all Ford Blue Advantage vehicles with no additional cost to the dealer. This new element to the Ford Blue Advantage program is designed to enhance the customer experience and deliver value to both the customer and our dealers.

Effective February 1, 2022

Ford Blue Advantage will include a 14-Day/1,000-Mile Money Back Guarantee to all Ford Blue Advantage sales sold by participating dealers. A dealer will be considered opted in to the Money Back Guarantee element of Ford Blue Advantage and having agreed to the Terms and Conditions if no action is taken or a Ford Blue Advantage vehicle is sold on or after February 1, 2022. Dealers will also have the option to “opt out” of the Money Back Guarantee element of Ford Blue Advantage, if they so choose.

Terms and Conditions

Program Eligibility

- Dealer must be enrolled in the Ford Blue Advantage program and meet all criteria of the program as defined in the Operations Manual and Program Agreement.
- Vehicles eligible for refund meet the criteria for certification (Ford and non-Ford) as defined in the Operations Manual and the Program Agreement.
- There is no dealer-added cost to Ford for this program.
- The terms of the Money Back Guarantee Program will begin on February 1, 2022 (“Program Period”). Dealer agrees that Ford may terminate this addendum immediately upon providing notice to dealer for any reason at any time, including but not limited to, the dealer return rate significantly exceeds national averages.

Ford Financial Support

- Dealer can submit a request for reimbursement under the Ford Blue Advantage Certified Vehicle Money Back Guarantee Program to Program Headquarters for the following expenses:
 - State and local registration fees
 - Financing costs for the interest charged up to 14 days and any pre-payment/flat cancel penalties
 - Depreciation reimbursement of 1% of original selling price
 - Dealer costs of \$300 per unit to cover dealer expenses (i.e., sales consultant compensation)
 - Earned premium on extended service plans not to exceed \$100
 - Sales tax only in the following states: Georgia, North Dakota, South Dakota, and South Carolina; for all other states, the dealer is responsible for seeking refunds from the appropriate tax department
- Ford will process the request for reimbursement and refund the dealer within two weeks.

Program Rules

- The dealer agrees to allow any Ford Blue Advantage® customer who purchased a vehicle during the Program Period to return the vehicle within the first 14 days or 1,000 miles (whichever comes first) of the sale date.
- The dealer agrees to complete the Money Back Guarantee Customer Agreement for all Ford Blue Advantage sales.
- The dealer will inspect any vehicle brought for return and determine if the vehicle is in the same condition as when the vehicle was originally sold, minus any normal wear and use. If the vehicle is not returned in an acceptable condition or shows evidence of having been in an accident, the dealer must advise the customer the vehicle is not eligible for return.
- The customer is responsible for the negative equity as outlined in the Customer Agreement. Upon vehicle return, the negative equity can either be paid up front by the customer, deducted from the refund, or rolled into a replacement vehicle if the customer elects to replace this vehicle.
- The customer has been advised in the Customer Agreement that any trade-in vehicle will not be returned to the customer. However, the dealer may return the vehicle as an offset to any funds being returned.
- Upon return of the Ford Blue Advantage Certified vehicle, the customer may opt to purchase another vehicle from your dealership. In that case, it is expected that the dealer will apply all of the returned funds to the next vehicle purchase.
- The customer has been advised through the Customer Agreement that they may need to reapply for financing for the next vehicle.

- The dealer is responsible for processing the return, titling, refund, and managing resale of the vehicle.
 - Dealer is responsible for submitting the Money Back Guarantee claim via cpo.dealerconnection.com within 48 hours of return
 - Dealer is responsible for applying to the appropriate state (except GA, ND, SD, SC) to recuperate state taxes
 - Dealer is responsible for cancelling any previously purchased F&I contract(s) and recovering any unearned premium
 - Dealer is responsible for requesting the flat cancel of the existing financing contract or paying it off in a timely manner
 - Dealer is responsible for providing any refund due to the customer within two weeks of the Ford Blue Advantage Certified vehicle return
- It is recommended that the dealer does not refund the customer until the dealer has confirmed transfer of the title to the dealership.
- Ford has provided several forms and tools to support this program. It is recommended that the dealer review all provided resources with legal counsel to ensure it complies with all state and local laws.

Accessing Forms

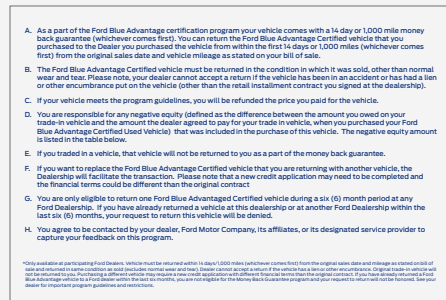

Forms can be found in the following places: Digital file cabinet, select DMS systems (CDK, Reynolds and Reynolds, and Dealertrack) and under Forms on cpo.dealerconnection.com.

Forms are as follows:

- Money Back Guarantee Agreement
- Money Back Guarantee Customer receipt

Point of purchase materials have been developed, see images below, to highlight the benefits of the Money Back Guarantee.
